Variety

Pink Bourbon

1st Purchase

2022

Altitude

1800 msl

We've been sharing selections of Carlos's pink bourbon for three years now and are delighted to offer this new gem. Carlos, along with his wife Patricia, grow coffee on their farm El Recuerdo, high in the hills above the beautiful town of Pitalito. As with all great washed pink bourbons, expect the aromatics to be intensely sweet and floral fresh off the grind. The floral notes carry over into the cup as well and are joined by raspberry jam, and darker fruit notes like plum – all wrapped up in a dark honey sweetness and juicy acidity. Consistently great coffee from a consistent coffee producer. Enjoy!

Variety Info:

Pink Bourbon: Grown exclusively in Colombia, Pink Bourbon is a leaf-resistant variety that is known for its inherent sweetness and bright acidity. Genetic testing has shown that Pink Bourbon is most similar to Ethiopian Landrace varieties- similar to Gesha or Chiroso.
